

Retail Store Door 36 Inch Heated Air Curtain Ventilation Silent 24KG

Our Product Introduction

Basic Information

- Place of Origin: China Foshan
- Brand Name: Available for ODM
- Certification: CE
- Model Number: FM3520
- Minimum Order Quantity: 1
- Price: Contact Us
- Packaging Details: Carton packaging 1 units per carton
- Delivery Time: 3-8 work days
- Payment Terms: T/T
- Supply Ability: 5000

Product Specification

- Type: Air Curtain
- Applicable Industries: Hotel Restaurant Workshop School Hotels, Building Material Shops, Manufacturing Plant, Food & Beverage Factory, Restaurant, Retail, Construction Works , Food & Beverage Shops
- Mounting: Wall / Window Mount
- Place Of Origin: Guangdong, China
- Volt/Hz: 220V~50Hz
- Customized Support: OEM, ODM, OBM
- Weight (KG): 24KG
- Core Components: Motor, Other
- Warranty Of Core Components: 1 Year
- Key Selling Points: Easy Installation, Large Air Volume, Low Noise
- Color: White

Product Description

Product Applications

The air curtain has several important uses. Firstly, in hotel restaurants, it prevents kitchen smoke from entering the dining area. Secondly, it stops small flying insects from contaminating food. Thirdly, at the entrance of a conference room, it helps reduce external noise interference. Fourthly, at mall elevator entrances, it prevents the exchange of hot and cold air within the elevator. Lastly, in office building lobbies, it enhances the overall image and provides a comfortable environment for staff and visitors.

Product Casing

The curved casing and metal coating of the air curtain offer several advantages. Firstly, the creative curved design enhances its distinctive appearance. Secondly, it improves air circulation. The metal coating provides the casing with scratch resistance, maintaining its aesthetic appeal. Thirdly, it has antibacterial and anti-mold properties. Lastly, it adds value to the product.

product motor

The pure copper motor with ball bearings offers powerful and stable performance. The aluminum casing design ensures efficient heat dissipation, while the built-in temperature control system automatically shuts down the motor if the temperature exceeds 135°C. This ensures stable performance and allows for continuous operation of up to 5000 hours.

product impeller

The air curtain features a fiberglass fan wheel with a multi-wing design. This configuration delivers stronger airflow, larger air volume, and more even and smooth air distribution. It is highly resistant to breakage and deformation, ensuring high strength and durability. The design minimizes air leakage, effectively enhancing the overall airflow.

Company Profile

Guangdong Zhongdian Jiajin Environmental Technology Co., Ltd. originated from Foshan Nanhai Zhongxing Hardware Electrical Appliance Factory (with brands including Zhongdian Fresh Air and Zhongdian Xinke). The company specializes in the research, development, and manufacturing of DKT external rotor air conditioning fans (snail-type and square-type), mixed flow booster duct fans, KTF stainless steel external rotor centrifugal air handling units, air curtains, purifying low-noise fans, and centrifugal low-noise ventilation equipment. It is a modern national high-tech enterprise focusing on EC frequency conversion digital energy-saving fans. The manufacturing base is located in Foshan, Guangdong Province. Since its establishment in 1997, the company has adhered to a quality-centric approach and actively developed its proprietary brand, Zhongdian. It has successively passed ISO9001, CE, and national CCC mandatory product certifications and has obtained multiple utility model patents. The company ranks among the top in the industry in terms of comprehensive strength and brand influence.

Guangdong Zhongdian Jiajin Environmental Technology Co., Ltd. operates under the philosophy of "Technological Innovation, Respect for Talent, Reform and Innovation, Pursuit of Excellence." The company has introduced over ten advanced automation devices and possesses a testing laboratory that complies with the national standard GB/T 1236-2017 "Performance Testing of Industrial Fans with Standardized Ducts," along with a 5S management system. It emphasizes user experience with its products and focuses on continually meeting customer needs. Through relentless efforts, the company has become a leader in the fresh air system market.

The company adheres to the principle of "Quality First, Quantity Second," earning trust from users across the country with its excellent quality and outstanding performance. It strives to enhance competitive advantages in pre-sales, sales, and after-sales services, and continues to uphold the creed of "Customer First, Service Excellence." The company is dedicated to continuous product and service iteration, aiming to become a leading brand in high-end fresh air system equipment.

EXHIBITION SHOW

We have strong sales network system and can undertake a large number of OEM/ODM orders.. Our products are mainly exported to Europe, America, the Middle East and Southeast Asia, and old customers account for up to 30%.Our products are made of pure copper tubes and use Yongan motors, has the characteristics of high quality, super mute, comfortable style and reasonable price. We have independent R & D and design team that can meet any comments and conditions you have on product customization and technology research and development.

The team

Our team will also carry out some outdoor group building activities to enhance the cohesion of employees and devote themselves to work with more enthusiasm.
