Powerful Wind Centrifugal Remote-Controlled Sleek White Air Curtain For Dual Doors

Basic Information

Place of Origin: China FoshanBrand Name: Available for ODM

Certification: CE
 Model Number: FM3520
 Minimum Order Quantity: 1

• Price: Contact Us

Packaging Details: Carton packaging 1 units per carton

• Delivery Time: 3-8 work days

Payment Terms: T/TSupply Ability: 5000

Product Specification

Applicable Industries: Double Door
 After-sales Service Provided: Online Support

Place Of Origin: China Foshan
 Voltage: 220V / 50hz
 Customized Support: OEM / ODM
 Installation Type: Split System
 Model Number: FM3520
 Warranty: 2 Year

Product Name: Air Curtain For Double Door
 Dimension(L*W*H): 2000 * 207 * 175 Mm

Certification: CEMOQ: 1 Set

• Funtion: Low Noise, Energy Saving

• Air Flow: 4000 M³/h

Product Description

Product applications

Air curtains are advanced, high-velocity fans that establish an imperceptible barrier of air across doorways.isolate smoke and odours outdoors into the room, effectively prevent outdoor dust from entering the room, and keep the room clean.

Case

Choose thicker panels, technical fuselage design and large air volume.

High Quality Ball Bearing

Opting for premium ball bearings over hydraulic alternatives significantly extends operational longevity, guaranteeing smoother and more silent motor performance.

High speed motor, accelerate the engine speed and increase the wind speed. Energy-saving motor, strong performance, stable operation, safe and reliable performance, stable and uniform air output can form a uniform air curtain.

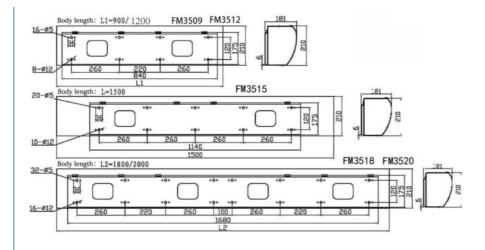

Low Noise Multi-blade Impeler

Crafted through precision injection molding, our integrated windmill boasts lightweight blades designed for maximum strength and minimal noise output.

Company Profile

Guangdong Zhongdian Jiajin Environmental Technology Co., Ltd. originated from Foshan Nanhai Zhongxing Hardware Electrical Appliance Factory (with brands including Zhongdian Fresh Air and Zhongdian Xinke). The company specializes in the research, development, and manufacturing of DKT external rotor air conditioning fans (snail-type and square-type), mixed flow booster duct fans, KTF stainless steel external rotor centrifugal air handling units, air curtains, purifying low-noise fans, and centrifugal low-noise ventilation equipment. It is a modern national high-tech enterprise focusing on EC frequency conversion digital energy-saving fans. The manufacturing base is located in Foshan, Guangdong Province.

Since its establishment in 1997, the company has adhered to a quality-centric approach and actively developed its proprietary brand, Zhongdian. It has successively passed ISO9001, CE, and national CCC mandatory product certifications and has obtained multiple utility model patents. The company ranks among the top in the industry in terms of comprehensive strength and brand influence.

Guangdong Zhongdian Jiajin Environmental Technology Co., Ltd. operates under the philosophy of "Technological Innovation, Respect for Talent, Reform and Innovation, Pursuit of Excellence." The company has introduced over ten advanced automation devices and possesses a testing laboratory that complies with the national standard GB/T 1236-2017 "Performance Testing of Industrial Fans with Standardized Ducts," along with a 5S management system. It emphasizes user experience with its products and focuses on continually meeting customer needs. Through relentless efforts, the company has become a leader in the fresh air system market.

The company adheres to the principle of "Quality First, Quantity Second," earning trust from users across the country with its excellent quality and outstanding performance. It strives to enhance competitive advantages in pre-sales, sales, and aftersales services, and continues to uphold the creed of "Customer First, Service Excellence." The company is dedicated to continuous product and service iteration, aiming to become a leading brand in high-end fresh air system equipment.

EXHIBITION SHOW

We have strong sales network system and can undertake a large number of OEM/ODM orders.. Our products are mainly exported to Europe, America, the Middle East and Southeast Asia, and old customers account for up to 30%. Our products are made of pure copper tubes and use Yongan motors, has the characteristics of high quality, super mute, comfortable style and reasonable price. We have independent R & D and design team that can meet any comments and conditions you have on product customization and technology research and development.

The team

Our team will also carry out some outdoor group building activities to enhance the cohesion of employees and devote the mselves to work with more enthusiasm.
