Energy Saving Air Curtain Fan With Ball Bearing 100% Copper Wire Motor Guide Louver

Basic Information

Place of Origin: China FoshanBrand Name: Available for ODM

Certification: CE
 Model Number: FM3520
 Minimum Order Quantity: 1

Price: Contact Us

Packaging Details: Carton packaging 1 units per carton

• Delivery Time: 3-8 work days

Payment Terms: T/TSupply Ability: 5000

Product Specification

Applicable Industries: Doorways

 After-sales Service Provided: Online Support

Place Of Origin: China Foshan
Voltage: 220V / 50hz
Customized Support: OEM, ODM, OBM

Mounting: Wall / Window Mount/ Door Mount

Mounting: Wall / WinModel Number: FM3520

• Warranty: 1 Year

• Core Components: Motor, Bearing, Engine

Product Name: Air Curtain For Overhead Doors

• Dimension(L*W*H): 2000 * 207 * 175 Mm

Certification: CESelling Units: Set

Funtion: Low Noise, Energy Saving

Product applications

An air curtain is a powerful fan that creates an invisible high-speed air barrier at entrances. It isolates interior and exterior air environments, maintaining temperature separation. By preventing conditioned air from escaping and blocking dust, smoke, and flying insects, it significantly saves energy.

Adjustable Guide Louver

Our new guide louver design can be adjusted to direct air flow in various directions, enhancing flexibility.

High-Quality Ball Bearings

We use high-quality ball bearings instead of oil bearings, ensuring longer lifespan, smoother operation, and quieter performance.

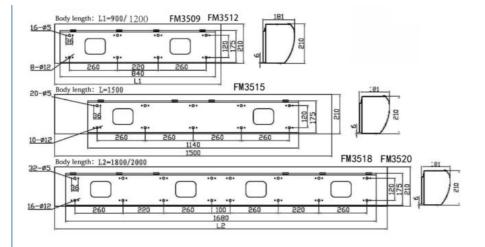

100% Copper Wire Motor
Our motor uses pure copper wire with low temperature rise, ensuring consistent and reliable operation without failure.

Low-Noise Multi-Blade ImpellerThe unequal pitch and multi-blade impeller design reduces noise and vibrations, providing a quieter environment.

Company Profile

Guangdong Zhongdian Jiajin Environmental Technology Co., Ltd.

Founded in 1997 and originating from Foshan Nanhai Zhongxing Hardware Electrical Appliance Factory, our company specializes in the research, development, and manufacturing of DKT external rotor air conditioning fans (snail-type and square-type), mixed flow booster duct fans, KTF stainless steel external rotor centrifugal air handling units, air curtains, purifying low-noise fans, and centrifugal low-noise ventilation equipment. We are a modern national high-tech enterprise focusing on EC frequency conversion digital energy-saving fans, with our manufacturing base located in Foshan, Guangdong Province.

Our philosophy centers around "Technological Innovation, Respect for Talent, Reform and Innovation, Pursuit of Excellence." We have introduced over ten advanced automation devices and maintain a testing laboratory compliant with the national standard GB/T 1236-2017 for industrial fan performance testing, alongside a 5S management system. Since our establishment, we have adhered to a quality-centric approach and actively developed our proprietary brand,

Zhongdian. Our commitment to quality has led us to pass ISO9001, CE, and national CCC mandatory product certifications, and to obtain multiple utility model patents. We rank among the top in the industry in terms of comprehensive strength and brand influence.

Guangdong Zhongdian Jiajin Environmental Technology Co., Ltd.

Since our establishment, we have adhered to a quality-centric approach and actively developed our proprietary brand, Zhongdian. Our commitment to quality has led us to pass ISO9001, CE, and national CCC mandatory product certifications, and to obtain multiple utility model patents. We rank among the top in the industry in terms of comprehensive strength and brand influence.

We emphasize user experience and continually strive to meet customer needs, establishing ourselves as a leader in the fresh air system market. By adhering to the principle of "Quality First, Quantity Second," we have earned nationwide trust for our excellent quality and outstanding performance. We strive to enhance competitive advantages throughout pre-sales, sales, and after-sales services, upholding our creed of "Customer First, Service Excellence."

EXHIBITION SHOW

We have strong sales network system and can undertake a large number of OEM/ODM orders.. Our products are mainly exported to Europe, America, the Middle East and Southeast Asia, and old customers account for up to 30%. Our products are made of pure copper tubes and use Yongan motors, has the characteristics of high quality, super mute, comfortable style and reasonable price. We have independent R & D and design team that can meet any comments and conditions you have on product customization and technology research and development.

The team

Our team will also carry out some outdoor group building activities to enhance the cohesion of employees and devote the mselves to work with more enthusiasm.
