

Industrial Exhaust Water Cooling Cabinet Commercial Centrifugal Ventilation Systems

Our Product Introduction

for more products please visit us on zd-fan.com

Basic Information

- Place of Origin: China Foshan
- Brand Name: Available for ODM
- Certification: CE
- Model Number: LFT32G-35D
- Minimum Order Quantity: 1
- Price: Contact Us
- Packaging Details: Carton packaging 1 units per carton
- Delivery Time: 3-8 work days
- Payment Terms: T/T
- Supply Ability: 5000

Product Specification

- Customized Support: OEM, ODM
- Material: Steel
- Applicable Industries: HVAC
- Casing Material: Superior Steel Plate
- Voltage: 220V/380V For Option
- Function: Ventilaion
- Mounting: FREE STANDING
- Model Number: DT25-80
- Warranty: 3 Year
- Core Components: Motor
- Type: Centrifugal Ventilation Cabinet
- Fan Type: Centrifucal Cabinet
- Keyword: Low Noise
- Motor Type: AC Motor
- Highlight: Commercial Exhaust Water Cooling Cabinet,

Product Description

Product Application

The Centrifugal Water Curtain Cooling Air Cabinet represents the pinnacle of air cooling technology, leveraging state-of-the-art centrifugal water curtain mechanisms. This advanced system is meticulously designed to lower ambient temperatures efficiently, creating a comfortable and healthful environment for users. Its versatile functionality makes it an ideal choice for a range of applications, including kitchen cooling and fresh air supply in commercial settings such as restaurants, cafeterias, and food processing areas. By delivering consistent and reliable cooling performance, this system ensures that your workspace remains at an optimal temperature, enhancing both comfort and productivity.

Product Advantages

Durable Stainless Steel Construction

- **Corrosion Resistant:** The stainless steel build ensures long-lasting durability and resistance to rust, making it a reliable choice for extended use.
- **Safety and Stability:** A robust design guarantees safety and stability, even in high-demand environments.

High-Performance Water Curtain Paper

- **Innovative Honeycomb Structure:** Made from unique honeycomb structure paper, the water curtain paper is water-soluble and highly effective at preventing backwater issues.
- **Consistent Performance:** Maintains its integrity and performance over time, ensuring reliable cooling efficiency.

User-Friendly Operation

- **Simplified Controls:** An easy-to-use interface allows for quick adjustments and hassle-free operation.
- **Enhanced Air Quality:** Features a clean water function that promotes better air quality while providing rapid cooling.

Product Parameters

Model Number	Voltage	Air Volume	Power	Noise	Voltage	Water Consumption	Number Of open tuyere	Weight
Unit	(V)	(m³/h)	(W)	(dB)	(Pa)	(L/H)	(pcs)	(KG)

LFT32G-35D	220	3500	320	49	420	3	8-10	57
LFT32G-35	380	3500	320	49	430	3	8-10	57
LFT55G-50D	220	5000	550	53	449	6	10-15	68
LFT55G-50	380	5000	550	53	468	6	10-15	68
LFT80G-70	380	7000	1100	55	480	10	15-20	70
LFT150G-100	380	10000	1800	56	530	12	8-25	93

Company Profile

Guangdong Zhongdian Jiajin Environmental Technology Co., Ltd.

Company Overview

Guangdong Zhongdian Jiajin Environmental Technology Co., Ltd., formerly Foshan Nanhai Zhongxing Hardware Electrical Appliance Factory (brands: Zhongdian Fresh Air and Zhongdian Xinke), specializes in R&D and manufacturing of DKT external rotor air conditioning fans, mixed flow booster duct fans, KTF stainless steel external rotor centrifugal air handling units, air curtains, purifying low-noise fans, and centrifugal low-noise ventilation equipment. As a modern national high-tech enterprise, we focus on EC frequency conversion digital energy-saving fans, with our manufacturing base located in Foshan, Guangdong Province.

Quality and Development

Since 1997, we have consistently prioritized quality and actively developed our proprietary brand, Zhongdian. Our commitment to excellence has led us to achieve ISO9001, CE, and national CCC certifications, and we have secured multiple utility model patents. Our comprehensive strength and brand influence rank among the top in the industry.

Core Philosophy

At Guangdong Zhongdian Jiajin Environmental Technology Co., Ltd., we operate under the philosophy of "Technological Innovation, Respect for Talent, Reform and Innovation, Pursuit of Excellence." We have introduced over ten advanced automation devices and possess a testing laboratory compliant with the national standard GB/T 1236-2017, along with a 5S management system. Our emphasis on user experience and continuous customer satisfaction has made us a leader in the fresh air system market.

Commitment to Quality

We adhere to the principle of "Quality First, Quantity Second," earning trust from users across the country with our excellent quality and outstanding performance. We strive to enhance competitive advantages in pre-sales, sales, and after-sales services, and continue to uphold the creed of "Customer First, Service Excellence."

Future Vision

Our dedication to continuous product and service iteration aims to establish us as a leading brand in high-end fresh air system equipment. We are committed to providing innovative solutions that meet the evolving needs of our customers while maintaining the highest standards of quality and service.

EXHIBITION SHOW

We have strong sales network system and can undertake a large number of OEM/ODM orders.. Our products are mainly exported to Europe, America, the Middle East and Southeast Asia, and old customers account for up to 30%.Our products are made of pure copper tubes and use Yongan motors, has the characteristics of high quality, super mute, comfortable style and reasonable price. We have independent R & D and design team that can meet any comments and conditions you have on product customization and technology research and development.

The team

Our team will also carry out some outdoor group building activities to enhance the cohesion of employees and devote themselves to work with more enthusiasm.
