

Industrial Exhaust Water Cooling Blower Commercial Centrifugal Ventilation Systems

Our Product Introduction

for more products please visit us on zd-fan.com

Basic Information

- Place of Origin: China Foshan
- Brand Name: Available for ODM
- Certification: CE
- Model Number: LFT32G-35D
- Minimum Order Quantity: 1
- Price: Contact Us
- Packaging Details: Carton packaging 1 units per carton
- Delivery Time: 3-8 work days
- Payment Terms: T/T
- Supply Ability: 5000

Product Specification

- Customized Support: OEM, ODM
- Material: Steel
- Applicable Industries: HVAC
- Casing Material: Superior Steel Plate
- Voltage: 220V/380V For Option
- Function: Ventilaion
- Mounting: FREE STANDING
- Model Number: DT25-80
- Warranty: 3 Year
- Core Components: Motor
- Type: Centrifugal Ventilation Cabinet
- Fan Type: Centrifucal Cabinet
- Keyword: Low Noise
- Motor Type: AC Motor
- Highlight: Industrial Exhaust Water Cooling Blower.

Product Description

Product Application

The Centrifugal Water Curtain Cooling Air Cabinet epitomizes the forefront of air cooling technology, harnessing state-of-the-art centrifugal water curtain mechanisms. This advanced system is meticulously engineered to efficiently lower ambient temperatures, fostering a comfortable and healthful environment for users. Its versatile functionality makes it an ideal choice for a range of applications, including kitchen cooling and fresh air supply in commercial settings such as restaurants, cafeterias, and food processing areas. By delivering consistent and reliable cooling performance, this system ensures that your workspace remains at an optimal temperature, enhancing both comfort and productivity.

Product Advantages

Durable Stainless Steel Construction

Corrosion Resistant: The stainless steel build ensures long-lasting durability and resistance to rust, making it a reliable choice for extended use.

Safety and Stability: A robust design guarantees safety and stability, even in high-demand environments.

High-Performance Water Curtain Paper

Innovative Honeycomb Structure: Made from unique honeycomb structure paper, the water curtain paper is water-soluble and highly effective at preventing backwater issues.

Consistent Performance: Maintains its integrity and performance over time, ensuring reliable cooling efficiency.

User-Friendly Operation

Simplified Controls: An easy-to-use interface allows for quick adjustments and hassle-free operation.

Enhanced Air Quality: Features a clean water function that promotes better air quality while providing rapid cooling.

Product Parameters

| Model Number | Voltage | Air Volume | Power | Noise | Voltage | Noter Consumption | Number Of open tuyere | Weight |
|--------------|---------|------------|-------|-------|---------|-------------------|-----------------------|--------|
| Unit | (V) | (m³/h) | (W) | (dB) | (Pa) | (L/H) | (pcs) | (KG) |
| LFT32G-35D | 220 | 3500 | 320 | 49 | 420 | 3 | 8-10 | 57 |

| | | | | | | | | |
|-------------|-----|-------|------|----|-----|----|-------|----|
| LFT32G-35 | 380 | 3500 | 320 | 49 | 430 | 3 | 8-10 | 57 |
| LFT55G-50D | 220 | 5000 | 550 | 53 | 449 | 6 | 10-15 | 68 |
| LFT55G-50 | 380 | 5000 | 550 | 53 | 468 | 6 | 10-15 | 68 |
| LFT80G-70 | 380 | 7000 | 1100 | 55 | 480 | 10 | 15-20 | 70 |
| LFT150G-100 | 380 | 10000 | 1800 | 56 | 530 | 12 | 8-25 | 93 |

Product Dimension Diagram

Product Dimension Parameters

| Model Number | A(L) | B(W) | C(H) | D | E | F | G | H | Flange thickness |
|--------------|------|------|------|----|-----|-----|-----|-----|------------------|
| LFT32G-35D | 861 | 810 | 621 | 85 | 588 | 378 | 345 | 250 | 30*30 |
| LFT55G-50D | 941 | 840 | 686 | 85 | 618 | 443 | 355 | 290 | 30*30 |
| LFT80G-70 | 941 | 840 | 686 | 85 | 618 | 443 | 355 | 290 | 30*30 |
| LFT150G-100 | 991 | 940 | 729 | 85 | 718 | 486 | 425 | 300 | 30*30 |

Company Profile

Guangdong Zhongdian Jiajin Environmental Technology Co., Ltd.

Company Overview

Guangdong Zhongdian Jiajin Environmental Technology Co., Ltd., formerly known as Foshan Nanhai Zhongxing Hardware Electrical Appliance Factory (brand names: Zhongdian Fresh Air and Zhongdian Xinke), is a specialized entity in the R&D and manufacturing of advanced air cooling systems. Our product range includes DKT external rotor air conditioning fans, mixed flow booster duct fans, KTF stainless steel external rotor centrifugal air handling units, air curtains, purifying low-noise fans, and centrifugal low-noise ventilation equipment. As a modern national high-tech enterprise, we focus on EC frequency conversion digital energy-saving fans, with our manufacturing base strategically located in Foshan, Guangdong Province.

Quality and Development

Since our establishment in 1997, quality has been at the forefront of our operations. We have actively developed our proprietary brand, Zhongdian, achieving ISO9001, CE, and national CCC certifications. Our commitment to excellence has

garnered multiple utility model patents, positioning us among the industry's top leaders in comprehensive strength and brand influence.

Core Philosophy

At Guangdong Zhongdian Jiajin Environmental Technology Co., Ltd., our guiding principles are "Technological Innovation, Respect for Talent, Reform and Innovation, Pursuit of Excellence." We have integrated over ten state-of-the-art automation devices into our operations and maintain a testing laboratory that adheres to the stringent standards of GB/T 1236-2017. Coupled with a meticulous 5S management system, our emphasis on user experience and continuous customer satisfaction has solidified our leadership in the fresh air system market.

Commitment to Quality

We adhere strictly to the principle of "Quality First, Quantity Second," earning nationwide trust through our superior quality and outstanding performance. We continuously strive to enhance our competitive edge across pre-sales, sales, and after-sales services, steadfastly upholding the creed of "Customer First, Service Excellence."

Future Vision

Our dedication to ongoing product and service innovation aims to establish us as a leading brand in high-end fresh air system equipment. We are committed to delivering cutting-edge solutions that meet the evolving needs of our customers while maintaining the highest standards of quality and service. Join us on this journey as we continue to shape the future of environmental technology.

EXHIBITION SHOW

We have strong sales network system and can undertake a large number of OEM/ODM orders.. Our products are mainly exported to Europe, America, the Middle East and Southeast Asia, and old customers account for up to 30%.Our products are made of pure copper tubes and use Yongan motors, has the characteristics of high quality, super mute, comfortable style and reasonable price. We have independent R & D and design team that can meet any comments and conditions you have on product customization and technology research and development.

The team

Our team will also carry out some outdoor group building activities to enhance the cohesion of employees and devote themselves to work with more enthusiasm.
