

## Water Cooling Cabinet Fans High Pressure Strong Air Flow Centrifugal Cabinet

Our Product Introduction

for more products please visit us on [zd-fan.com](http://zd-fan.com)

### Basic Information

- Place of Origin: China Foshan
- Brand Name: Available for ODM
- Certification: CE
- Model Number: LFT32G-35D
- Minimum Order Quantity: 1
- Price: Contact Us
- Packaging Details: Carton packaging 1 units per carton
- Delivery Time: 3-8 work days
- Payment Terms: T/T
- Supply Ability: 5000

### Product Specification

- Customized Support: OEM, ODM
- Material: Steel
- Applicable Industries: HVAC
- Casing Material: Superior Steel Plate
- Voltage: 220V/380V For Option
- Function: Ventilaion
- Mounting: FREE STANDING
- Model Number: DT25-80
- Warranty: 3 Year
- Core Components: Motor
- Type: Centrifugal Ventilation Cabinet
- Fan Type: Centrifucal Cabinet
- Keyword: Low Noise
- Motor Type: AC Motor
- Highlight: High Pressure Cabinet Centrifugal Fan,

## Product Description

### Product Application

The centrifugal water curtain cooling air cabinet represents the forefront of air cooling technology, utilizing state-of-the-art centrifugal water curtain mechanisms. This system is meticulously engineered to efficiently reduce ambient temperatures, creating a comfortable and healthy environment for users. Its versatility makes it an ideal choice for various applications, including kitchen cooling and fresh air supply in commercial settings such as restaurants, cafeterias, and food processing areas. By delivering consistent and reliable cooling performance, this system ensures that your workspace remains at the optimal temperature, enhancing both comfort and productivity.

### Product Advantages

#### Durable Stainless Steel Construction

- **Corrosion Resistance:** The stainless steel material ensures long-lasting durability and rust resistance, making it a reliable choice for extended use.
- **Safety and Stability:** A robust design guarantees safety and stability even in high-demand environments.

#### High-Performance Water Curtain Paper

- **Innovative Honeycomb Structure:** Made from unique honeycomb structure paper with water solubility, effectively preventing backflow issues.
- **Consistent Performance:** Maintains its integrity and performance over time, ensuring sustained cooling efficiency.

User-Friendly Operation

- **Simple Controls:** An easy-to-use interface allows for quick adjustments and hassle-free operation.
- **Enhanced Air Quality:** Features a clean water function that improves air quality while providing rapid cooling.

Product Parameters

Model Number	Voltage	Air Volume	Power	Noise	Voltage	Water Consumption	Number Of open tuyere	Weight
Unit	(V)	(m³/h)	(W)	(dB)	(Pa)	(L/H)	(pcs)	(KG)
LFT32G-35D	220	3500	320	49	420	3	8-10	57

LFT32G-35	380	3500	320	49	430	3	8-10	57
LFT55G-50D	220	5000	550	53	449	6	10-15	68
LFT55G-50	380	5000	550	53	468	6	10-15	68
LFT80G-70	380	7000	1100	55	480	10	15-20	70
LFT150G-100	380	10000	1800	56	530	12	8-25	93

## Company Profile

**Guangdong Zhongdian Jiajin Environmental Protection Technology Co., Ltd.**

**Company Overview** Guangdong Zhongdian Jiajin Environmental Protection Technology Co., Ltd., formerly known as Foshan Nanhai Zhongxing Xing Hardware & Electrical Appliance Factory (brand names: Zhongdian Fresh Air and Zhongdian Xinke), specializes in the R&D and manufacturing of advanced air cooling systems. Our product range includes DKT external rotor air conditioning fans, mixed flow booster duct fans, KTF stainless steel external rotor centrifugal air handling units, air curtains, purifying low noise fans, and centrifugal low noise ventilation equipment. As a modern national high-tech enterprise, we focus on EC frequency conversion digital energy-saving fans, our production base is located in Foshan City, Guangdong Province.

**Quality and Development** Since its establishment in 1997, quality has been at the core of our operations. We actively develop our proprietary brand "Zhongdian" and have obtained ISO9001, CE, and national CCC certifications. Our commitment to excellence has earned us numerous utility model patents, positioning us as industry leaders in comprehensive strength and brand influence.

**Core Philosophy** At Guangdong Zhongdian Jiajin Environmental Protection Technology Co., Ltd., our guiding principles are "Technological Innovation, Talent Respect, Reform and Innovation, Pursuit of Excellence". We have integrated more than a dozen state-of-the-art automation devices into our operations and maintain a testing laboratory that adheres to the strict standards of GB/T 1236-2017. Combined with a rigorous 5S management system, our emphasis on user experience and continuous customer satisfaction solidifies our leadership in the fresh air system market.

**Commitment to Quality** We strictly adhere to the principle of "quality first, quantity second", earning the trust of nationwide users through superior quality and outstanding performance. We continuously strive to enhance our competitive edge in pre-sales, sales, and after-sales services, steadfastly upholding the creed of "Customer First, Service Excellence".

**Future Vision** We are committed to ongoing product and service innovation, aiming to become a leading brand in high-end fresh air system equipment. We are dedicated to providing cutting-edge solutions that meet customer needs while maintaining the highest standards of quality and service. Join us on this journey as we collectively shape the future of environmental technology.

## EXHIBITION SHOW

We have strong sales network system and can undertake a large number of OEM/ODM orders.. Our products are mainly exported to Europe, America, the Middle East and Southeast Asia, and old customers account for up to 30%. Our products are made of pure copper tubes and use Yongan motors, has the characteristics of high quality, super mute, comfortable style and reasonable price. We have independent R & D and design team that can meet any comments and conditions you have on product customization and technology research and development.

## The team

Our team will also carry out some outdoor group building activities to enhance the cohesion of employees and devote themselves to work with more enthusiasm.

## Showcase of Factory Capabilities
