

Centrifugal Fan In Cabinet High-Efficiency Design Commercial HVAC Duct Ventilation

Our Product Introduction

for more products please visit us on zd-fan.com

Basic Information

- Place of Origin: China Foshan
- Brand Name: Available for ODM
- Certification: CE
- Model Number: DT18-61
- Minimum Order Quantity: 1
- Price: Contact Us
- Packaging Details: Carton packaging 1 units per carton
- Delivery Time: 3-8 work days
- Payment Terms: T/T
- Supply Ability: 5000

Product Specification

- Applicable Industries: Hotels, Building Material Shops, Machinery Repair Shops, Food & Beverage Factory, Restaurant, Retail, Food Shop, Food & Beverage Shops
- Electric Current Type: AC
- After-sales Service Provided: Video Technical Support
- Place Of Origin: Guangdong, China
- Voltage: 220/380V
- Customized Support: OEM, ODM, OBM
- Blade Material: Cast Iron
- Mounting: Duct Fan
- Warranty: 3 Year
- Fan Type: Centrifugal
- Cover Material: Steel With Powder Coated
- Installation: Ceiling Mounting With Ducting

Product Description

Product Overview

Introducing our high-efficiency commercial HVAC duct ventilation system, featuring a state-of-the-art centrifugal fan enclosed within a durable cabinet design. This advanced ventilation solution is meticulously engineered to meet the demanding needs of commercial environments, ensuring optimal air flow and energy efficiency.

Features

Premium Quality Components

Crafted with a meticulously selected pure copper motor, our ventilation system boasts low noise and high-speed performance. Rigorous testing confirms its reliability; the unit operates continuously for over 8,000 hours without any failures.

Exceptional Performance

Featuring an aluminum alloy dynamically balanced wind wheel and a soundproof sponge air duct, this system ensures stable operation, substantial air volume, and strong wind pressure.

Robust Construction

The entire cabinet is made from thick galvanized sheet metal, offering superior anti-corrosion and rust-resistant properties, ensuring longevity and durability.

User-Friendly Design

A dual-side opening design facilitates easy maintenance and filter replacement. The specially designed outlet allows for effortless duct connection.

Comprehensive Range

Our product line offers a complete range of specifications, enabling tailored selection and configuration to meet diverse requirements. Filter boxes can be optionally added. Ideal for various industrial and mining enterprises, large warehouses, conference halls, workshops, hotels, shopping malls, and more.

Why Choose Our Product?

Our high-efficiency commercial HVAC duct ventilation system stands out due to its exceptional performance, durability, and ease of use. Whether you are looking to upgrade your current ventilation system or install a new one, our centrifugal fan in cabinet design offers unparalleled benefits that cater to the specific needs of commercial environments.

Product Performance Specifications

Model number	Voltage	Ffrequency	Rotating speed	Air volume	Voltage	Noise	Power	Weight
	(V)	(Hz)	(r/ min)	(m³/h)	(Pa)	(dB)	(W)	(kg)
DT11-36	220/380	50	1450	3600	562	57	1.1	49
DT13-48	220/380	50	1450	4800	623	63	1.5	58
